IPA

Familiarise yourself with the symbols for non-pulmonic consonants. The main objective at this stage is to understand how these sounds are made and be able to recognize what they sound like.

Written work (to be handed in in Week 2):

1. Write a short description of your accent (2 or 3 paragraphs)
2. Fill in labels on mid-sagittal diagram*

Please hand in by Monday evening. You can email your work to me at helena.beeley@phon.ox.ac.uk (legible scans of handwritten work are fine) or pidge it to me at the Phonetics Laboratory, 41 Wellington Square.
